

Contract award notice

Första AP-fonden (AP1) has decided to sign an agreement with MSCI to deliver a solution for risk analysis according to tender VS 2015/7

The decision has been made on the basis that this tender is considered to be the most advantageous based on the established criteria in the request for proposal. The assessment of the criteria was made based on the material included in the offer and then confirmed, clarified or deepened by meeting or teleconference or in contact with reference clients.

According to the law on public procurement there will be no signing of agreements until ten days has passed from the date given in this decision.
