

The First to Fourth AP Funds (The Funds) have carried out a procurement of a Global Voting Service.

After extensive evaluation of different suppliers and their systems, we have decided to award Institutional Shareholders Services Inc (ISS) and Nordic Investment Services (NIS) the contract.

The tender is now closed.

The reasons why the Funds selected ISS and NIS are:

- High quality of the analyses.
- Voting recommendations tailored to the voting policy of each specific customer.
- A system that allows for management of the entire voting process from notification to post event vote reporting through a single platform.
- The most economically beneficial system with a low total cost.

Kind regards

For the Second AP Fund on behalf of the First, Third and Fourth AP Funds

Ulrika Danielson
